

LOUISIANA BOARD OF REGENTS¹
MASTER COURSE ARTICULATION MATRIX²
 ACADEMIC YEAR 2014-2015

Preface

Numerous course transfer equivalency agreements exist among Louisiana's public postsecondary institutions. The prerogative for accepting a course for degree, general education, or elective credit belongs to the institution to which a student intends to transfer (the "receiving institution"). Students are therefore urged to contact the receiving institution for definitive answers to the following questions:

- whether the course will count toward a particular major, and under what conditions (e.g., if a letter grade of "C" or better is required for degree credit);
- whether and under what category the course will satisfy the receiving institution's general education requirements;
- any other articulation agreements that may exist between campuses.

Faculty, deans, and department heads worked together to establish the common course content included in the *Louisiana Course Catalog* descriptions and a Common Course number for the courses listed on this matrix. For questions about course articulation, contact the campus Transfer Liaison identified on the campus' transfer/articulation web. (Follow the link under 'Schools Participating' on the Louisiana Transfer site, www.LaTransferDegree.com.)

Courses

The leftmost columns of the matrix shows a list of courses by their Common Numbers and Titles. They are grouped by the General Education categories: English Composition; Mathematics; Natural Sciences; Humanities; Fine Arts; and Social/Behavioral Sciences. Each additional column shows the course at a particular institution. Matching courses listed in the rows will be accepted in transfer, as indicated.

- Students are encouraged to complete course sequences *before* transferring, whenever a major requires a sequence (e.g., foreign language, lecture & lab, etc).
- When a campus lists a course number on the matrix as ***, it will credit the course in transfer 'by title' – it does not offer an equivalent course.
- A course entered as — indicates that the campus offers that course at a different credit value than the row indicates, e.g., calculus for 4-credits rather than 5-credits. Contact the institution about the transfer, e.g., the option of a departmental exam for full credit when transferring with a lower-credit course.
- Courses that do not appear on the matrix may still be accepted for credit! Students are urged to ask the receiving institution about other options.

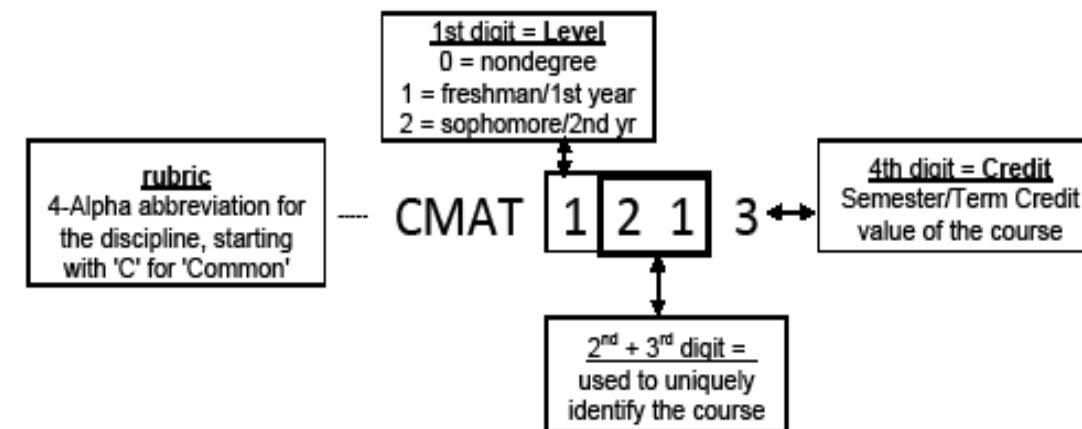

¹ The Board of Regents does not decide course equivalencies, but coordinates, monitors, and publishes the broadest areas of agreement relative to specific courses offered by the state's public institutions of higher education. This matrix was approved as a work in progress, to be expanded throughout AY 2014-15.

² Courses in the matrix have been evaluated by appropriate faculty at the institutions and are considered equivalent to each other and will be accepted for credit.

Common Course Numbers

All rubric/number course identifiers correspond to course descriptors listed in the Louisiana Common Course Catalog, published by the Louisiana Board of Regents with direct Faculty input. The catalog will comprise the academic courses for which there is statewide agreement among discipline faculty representative as to the minimum course content to be covered so that a student completing the course will be ready for the next course for which it is a prerequisite in a sequence or curriculum.

The first digit of the course number denotes the academic level of the course; the second and third digits; and the third establish course sequencing and/or distinguish the course from others of the same level, credit value, and rubric; and fourth digits denotes the credit value of the course in semester hours.

Institutions of Higher Education

The institutions on this matrix (in the header columns) are all public postsecondary institutions in Louisiana. Institutions are abbreviated as follows:

- | | |
|---|--|
| BPCC - Bossier Parish Community College | GSU - Grambling State University |
| BRCC - Baton Rouge Community College | LA Tech - Louisiana Tech University♦ |
| DCC - Delgado Community College | McNeese - McNeese State University |
| FTCC - Fletcher Technical Community College | Nicholls - Nicholls State University |
| LDCC - Louisiana Delta Community College | NSU - Northwestern State University |
| NCC - Nunez Community College | SLU - Southeastern Louisiana University |
| RPCC - River Parishes Community College | ULL - University of Louisiana at Lafayette |
| SLCC - South Louisiana Community College | ULM - University of Louisiana at Monroe |
| STCC - SOWELA Technical Community College | UNO - University of New Orleans |
| LSU A&M - Louisiana State University | SU A&M - Southern University and A&M College |
| LSUA - LSU at Alexandria | SUNO - Southern University at New Orleans |
| LSUE - LSU at Eunice | SUSLA - Southern University at Shreveport |
| LSUS - LSU in Shreveport | |

♦Louisiana Tech University operates on a quarter system
